Re: Ex Parte in CC Docket 01-92

Dear Ms. Dortch:

On Friday, January 6, 2006, Ken Culpepper, BellSouth Telecommunications, Inc. ("BST"), Theodore Kingsley, BellSouth Legal Department, and the undersigned, participated in a teleconference with FCC staff from the Wireline Competition Bureau. The FCC staff on the call were Steve Morris, Deena Shetler, and Randy Clarke, of the Pricing Policy Division, and Cheryl Callahan, James Bachtell, Marilyn Jones, and Greg Guice of the Telecommunications Access Policy Division. The purpose of the meeting was to address questions with respect to BST's planned implementation of new features in the SMS/800 system database programming capabilities (Feature Release 16.3).

BST informed the Commission that it has no current plans to use any of the NSP screens described in the SMS/800 Service Management Team's December 7, 2005 presentation to the Commission. BST will keep the Commission apprised of any changes in its implementation plans.

Pursuant to the Public Notice released on December 22, 2005, please include a copy of this notice in the record of the above-identified proceeding.

Sincerely,

cc: Deena Shetler
